Hi Kei,

Hope you're still doing well! I just wanted to check in with you as it seems that our edits to the second draft of the SCCPs report were not incorporated in the third draft, nor were they addressed in the compilation of comments. Wondering if you might be able to look into this for us?

Best,
Karissa

Dear Laura,

Many thanks for reviewing the drafts and providing the comments.

Well received.

We are now Day 11 of full lockdown. Still doing fine, thanks.

Stay safe,

Kei

Dear Kei,

I hope you are doing well!

Attached please find U.S. comments on the second drafts of the review of information on specific exemptions for DecaBDE and SCCPs. Where potential POPs characteristics of alternatives are mentioned, a clarification should be added that the POPRC has not assessed whether the alternatives meet the Annex D criteria.

Thanks and take care!!

Laura

Importance: High

Dear Sir/Madam,

Please find attached a letter inviting comments on the draft risk profiles on **Dechlorane Plus (DP)** and **methoxychlor** and draft reports on the review of information on specific exemptions for **decabromodiphenyl ether (decaBDE)** and **short-chain chlorinated paraffins (SCCPs)**.

The fifteenth meeting of the POPs Review Committee was held from 1 to 4 October 2019 in Rome. The meeting report is available on the Convention's website: www.pops.int/poprc15.

At the meeting, the Committee established intersessional working groups to prepare draft risk profiles on Dechlorane Plus and methoxychlor and draft reports on the review of information on specific exemptions for decaBDE and SCCPs. In accordance with the workplan adopted at the meeting, the groups have prepared the draft documents.

Parties and observers are invited to review the attached drafts and submit comments by e-mail to kei.ohno-woodall@brsmeas.org before **30 March 2020**.

If you have any questions regarding this invitation, please let me know.

Best regards,

Kei
